Re: July *Acts & Facts* article by Dr. Austin

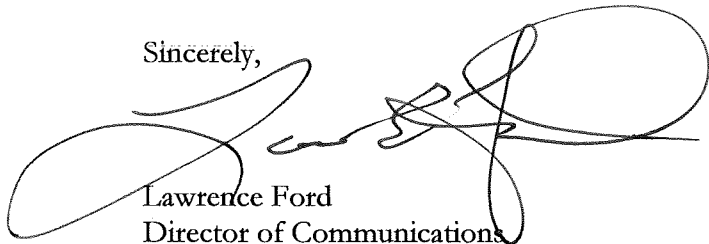

Dear Sir:

Your certified-mail demand letter addressed to Dr. John Morris regarding our July 2008 *Acts & Facts* article by Dr. Steve Austin was forwarded to my attention, as I serve as Executive Editor for all ICR publications.

I was disappointed by your threatening tone toward Dr. Morris and ICR regarding our publication of this well-documented article, especially considering your full-time role as an ordained church pastor in Washington State.

Nevertheless, *Acts & Facts* does not plan to issue a retraction of the article, its contents, or its author. ICR editorial staff and management have no further comment regarding this issue.

Sincerely,

A handwritten signature in black ink, appearing to read 'Lawrence Ford', written over a horizontal line.
