That land ain't your land, that land is My land
From the Gaza strip to Mount Hermon
From the River Jordan to Tel Aviv
That Land was made for the Jew and Me

I sent Abe walking on a desert highway
Away from father and all his family
Said I'd make him great, in a land I'd show him
That Land was made for the Jew and Me

If heaven is measured, and the sun stops shinning
If the moon goes dark, and the stars stop twinkling
Then the people of Israel will stop existing
But I promised that Land to the Jew and Me (Jeremiah
31:35-37)

There are no road maps, or plans of peace
To solve the problems, in the Middle East
I love my People, and will not cease
That Land was made for the Jew and Me

You divide my land; I'll mess with your land
With hurricanes and droughts and earthquakes
So stop dividing or suffer judgment
That Land was made for the Jew and Me
