

Resources for Fighting Vaccine Mandates

Posted September 12, 2021

CCPO provides the resources below for your information and use in combatting the illegal COVID vaccine mandates. We are not providing legal advice or guaranteeing a successful outcome, especially since we are living in the lawless times about which the Apostle Paul warned us ([2 Thessalonians 2:7](#)). However, we offer these resources, obtained from credible sources, for your consideration as you prayerfully seek the Lord on how He would lead you.

STRATEGIES FOR MANDATES

- Submit a religious exemption (don't give any explanation)
- Submit proof of immunity (T-detect test)
- Request an "Assumption of Liability" from your employer from either the manufacturer (Pfizer) or your employer for VACCINES CURRENTLY BEING GIVEN. Be clear that you will not take the vaccine until proof of full liability protections are given. This needs to be a legal document that is signed by the employer or issued by Pfizer. Only vials that say "Comirnaty" are FDA approved and have liability protections.
- If persons choose to get the "vaccines" to avoid job loss, make sure to write that it was signed under duress of job loss on the waiver they have you sign.
- Let them fire/lay off you. Once damage is incurred, you will have the right to sue.
- HOLD THE LINE!!!!!! Coercion is illegal!!

Disclaimer: This is not legal advice, please speak with your lawyer for legal advice.

From the Family Policy Institute of Washington in a 10 Sept 2021 email to Pastor Kevin.

Dear Kevin,

Even if you are not working as a state, school, or government employee, many workers in the private sector are also facing COVID-19 vaccine mandates from employers. Stand firm in your beliefs; the COVID cases, hospitalizations, and deaths will soon decrease across the nation this month as it has in the past, and the draconian restrictions and mandates will rightfully appear increasingly unjust and unnecessary.

Remember, we used to manage COVID restrictions and mandates by the metrics (deaths) in each of our 39 counties. Now it is a one-size-fits-all no matter the data or science.

Governor Inslee, unfortunately, set a terrible example for the state of Washington by crafting religious exemption criteria to be intentionally "[as narrow as possible.](#)" This does not mean, however, that each private employer in Washington is necessarily using the same criteria.

*Given the tumultuous atmosphere, it may feel dizzying in terms of how to even begin to ask for a religious exemption from the vaccine mandate. **FPIW is here to provide resources that are hopefully helpful as you navigate the exemption process.***

Here are several great resources to help you navigate obtaining a religious exemption from the vaccine mandate. At the end of the day, both the Law and God is on your side if one can articulate a sincere religious belief:

- Confused about why vaccine mandates are wrong? This guide helps clarify the issues.

We hope those resources may assist you. Already, we are hearing from folks who have answered the questions and have had their religious exemption approved. The next step then is to negotiate reasonable accommodations at work.

We are living in the midst of spiritual warfare – this can be spiritually, mentally, and physically draining. But remember that you are not alone in this fight—Christ is on our side and many, many Christians are fighting the good fight against tyranny. Jesus told us we would live through tribulation:

“I have told you this so that you might have peace in me. In the world you will have trouble, but take courage, I have conquered the world.” (John 16:33)

Jesus didn’t say we might encounter trouble – he assured us we would. Even with having the greatest faith, though, it may feel lonely at times when surrounded by radical, godless extremists trying to force their agenda on and control you.

Here, too, Jesus gives us comfort:

“Come to me, all you who labor and are burdened, and I will give you rest.” (*Matthew 11:28*)

We belong to Jesus. Rest in Him!

In His Service,

When you hear that EEOC guidance says “your employer can require you to get a vaccine,” this is false/mistaken: EUAs have to have the Option to Refuse and the right to Informed Consent for EUAs. The EEOC's guidance updated on May 28, 2021, only states that "federal EEO laws do not prevent an employer from requiring all employees physically entering the workplace to be vaccinated..."[1] It does not address 21 USCS § 360bbb-3, which relates to EUAs and the option to refuse. This is called a word game or word salad.

There is Potential Liability on Employers or Universities that Mandate Vaccines if an Employee or Student suffers any Side Effects or Death from a mandatory EUA vaccine.

- Assumption of Liability – in the case of mandatory vaccinations to retain employment or for other work or school related benefits, consider to demand that the employer or school have an authorized representative sign the assumption of liability agreement. A refusal to sign this will make more clear your right to refuse the job to the organization pressuring you.

- Religious exemption – in the case of mandatory vaccinations to retain employment or for other work or school related benefits, if you have a religious basis to be exempt, consider the drafts provided here and if your basis for an exemption differs, draft your own, or have an attorney draft a version using these examples but consistent with your religious reason.
