

Compilation of COVID Injection News

Part 2 – November 1, 2021 with updates through November 20, 2021
(Part 1 through October is posted below).

Note from Pastor Kevin Lea: The world is living in unprecedented times of peril. I provide this info as a warning to those who have ears to hear.

*Ezekiel 33:1-6. Again the word of the Lord came to me, saying, “Son of man, speak to the children of your people, and say to them: ‘When I bring the sword upon a land, and the people of the land take a man from their territory and make him their watchman, **when he sees the sword coming upon the land, if he blows the trumpet and warns the people, then whoever hears the sound of the trumpet and does not take warning, if the sword comes and takes him away, his blood shall be on his own head. He heard the sound of the trumpet but did not take warning; his blood shall be upon himself. But he who takes warning will save his life. But if the watchman sees the sword coming and does not blow the trumpet, and the people are not warned, and the sword comes and takes any person from among them, he is taken away in his iniquity; but his blood I will require at the watchman’s hand.**” NKJV*

Vaccine Injury Data (VAERS). Find current data on vaccine related injuries at: <https://www.openvaers.com/>. This web site extracts data from the VAERS* database and formats it so that it is easier to browse and search for information. (*VAERS is the Vaccine Adverse Event Reporting System put in place in 1990. It is a voluntary reporting system that has been estimated to account for only 1% (see the Lazarus Report) of vaccine injuries. OpenVAERS is built from the HHS data available for download at vaers.hhs.gov.

Released by CDC on 5 November are: 875,651 total reports to VAERS - 18,461 Deaths;
91,982 Hospitalizations; 97,715 Urgent Care; 136,785 Doctor Office Visits; 7,984 Anaphylaxis; 10,981 Bells Palsy; 2,887 Miscarriages; 9,094 Heart Attacks; 12,131 Myocarditis/Pericarditis; 29,104 Permanently Disabled; 4,268 Thrombocytopenia/Low Platelet; 20,644 Life Threatening; 33,259 Severe Allergic Reaction; 10,289 Shingles

- **MUST WATCH –Vaccine Expert Warns of COVID Vaccination Catastrophe.** (1 hour 20 min.) <https://thehighwire.com/videos/vaccine-expert-warns-of-covid-vaccination-catastrophe/>. Geert Vanden Bossche, Ph.D., D.V.M., interview with Del Bigtree and his dire warning about mass Covid vaccination of children, and the catastrophe which may follow. . About a year ago, Dr. Vanden Bossche warned the world about the dangers of conducting mass vaccination during a pandemic, and we have seen his predictions come true, including high new COVID infection rates where vaccination rates are highest, and that the vaccinated are more at risk of contracting the disease and being hospitalized than the unvaccinated. In this interview he warns that mass vaccination of our children will lead to the destruction of their natural immune system.

- **The Reveal Report - Emergency Broadcast -with guest Dr Ardis**, October 12, 2021. <https://rumble.com/vnmmjr-emergency-broadcast-with-guest-dr-ardis.html>. **Must Watch 42 min video.** Dr. Brian Ardis discusses (with approximate time mark):
 - First 11 minutes. **How Tony Fauci in May 2020 mandated the use of Remdesivir, an experimental drug that he knew was deadly, as the sole protocol for treating COVID 19 patients in the hospital.** In this mandate, he cites two trials, which Dr. Ardis researched, to find out that both of these trials showed Remdesivir to be ineffective and deadly. In fact, the data show Remdesivir causes acute kidney failure in 30% of those treated, leading to pulmonary edema and death. Remdesivir has a higher mortality rate than COVID. This served to drive up the numbers of COVID deaths and help create the fear and panic that would lead to widespread acceptance of the experimental COVID shots.
 - Starting about 11 min mark. **How Fauci convinced authorities to buy up all stock of Remdesivir for use in US. Result? America, with 4.5% of world’s population, has had 25% of all deaths attributed to COVID.**
 - 13:30 min. **Hospitals are STILL lying to use about Remdesivir and refusing to prescribe anything else, even vitamins because they say there is no other drug approved for treating COVID. However, NIH approved the use of Ivermectin for treating COVID in July 2021.**
 - 17:45 to 27:20 min – Dr. Ardis discusses treatments for COVID 19 and other recommended supplements. If you contract COVID. Do not go to the hospital! Less than 1% of population outside of the US has died from COVID! US mortality rate is so high due to use of Remdesivir in the hospitals.
 - 34:50 min – **Ivermectin has been an approved treatment for COVID 19 in hospitals since July 2021. See table at: <https://www.covid19treatmentguidelines.nih.gov/tables/table-2e/>**
 - 38:22 min – **Medicare pays hospital 20% more if they choose Remdesivir *only* for COVID treatment.** In other words, our Government is bribing hospitals to use a drug known to cause disease and/or death in 30% of patients. <https://www.cms.gov/medicare/covid-19/new-covid-19-treatments-add-payment-ncap>

- **Increases in COVID-19 are unrelated to levels of vaccination across 68 countries and 2947 counties in the United States.** <https://link.springer.com/article/10.1007/s10654-021-00808-7#Sec4>. At a glance:
 - Research shows increases in COVID-19 cases are completely unrelated to levels of vaccination in 68 countries worldwide and 2,947 counties in the U.S.
 - The data from U.S. counties showed similar trends, with new COVID-19 cases per 100,000 people being “largely similar” regardless of the vaccination rate
 - Of the five U.S. counties with the highest vaccination rates — ranging from 84.3% to 99.9% fully vaccinated — four are on the U.S. Centers for Disease Control and Prevention’s “high transmission” list, while 26.3% of the 57 counties with “low transmission” had vaccination rates under 20%
 - Iceland and Portugal, both of which have more than 75% of their populations fully vaccinated, have more COVID-19 cases per 1 million people than Vietnam and South Africa, where only 10% or so of their populations are fully vaccinated
 - CDC data show rates of hospitalization for severe illness among the fully vaccinated went from 0.01% in January 2021 to 9% in May 2021, and deaths went from 0% to 15.1%. If the shots actually worked, these rates should have remained near zero.

- **Elite Athlete Explains Vaccine Injury and Doctor’s Ignorance.** (42 min video) <https://www.youtube.com/watch?v=H7inaTiDKaU>. Story at a glance:
 - Kyle Warner, a 29-year-old professional mountain bike racer, developed pericarditis, POTS and reactive arthritis following his second dose of Pfizer’s COVID-19 shot
 - About two weeks after the shot, Warner experienced extremely elevated heart rates; an ER doctor refused to believe it was an adverse reaction to the jab and instead blamed it on a “psychotic episode”
 - After visiting another hospital due to more heart trouble, Warner was referred to a cardiologist who diagnosed him with pericarditis, an inflammation of the outer lining of the heart
 - For four months now, Warner has been so ill that he hasn’t been able to work or ride a bike; even mental exertion can cause him to relapse physically
 - At the *Real, Not Rare* rally held in Washington, D.C., Warner spoke before politicians to make a difference in the support level for vaccine-injured people — which is nonexistent in the U.S. — and voice opposition to vaccine mandates; “I believe where there is risk, there needs to be choice,” he said

- **CDC Emails: Our Definition of Vaccine is “Problematic.”** <https://technofog.substack.com/p/cdc-emails-our-definition-of-vaccine> The CDC caused an uproar in early September 2021, after it changed its definitions of “vaccination” and “vaccine.” For years, the CDC had set definitions for vaccination/vaccine that discussed immunity. This all changed on September 1, 2021.
- **Dictionary Changes Definition of Vaccine** [11 min. video]. <https://www.youtube.com/watch?v=jrEthk02bPw> (commentary at: <https://thetruthaboutvaccines.com/dictionary-changes-definition-vaccine-video/>); “As the world has continued to spiral into an Orwellian nightmare, it seems that we’ve missed some pretty major changes. According to archive searches, the Merriam-Webster dictionary changed the definition of a vaccine sometime back in January. On January 18th, the definition was the same as it has been for decades... But by January 26th, that definition was soon changed in a way that seems conveniently tailored to lend credibility to the new COVID jabs. Completely changing the definition of the word to eliminate references to immunity and add “genetic material” seems like a drastic and sneaky way to change the narrative leading up to unprecedented (and unlawful) vaccine mandates.”
