Two minute video

[Yuval Noah Harari | Lead Advisor for Klaus Schwab Argues Against the Bible and God's Commandments | Clay Clark \(gab.com\)](#)

Yuval Harari saying that the laws of God need to be replace with the law of feeling. If you feel like it should be so, then it is ok. This is a demonic lie that goes back to the garden of Eden, when man was deceived into thinking they could become god knowing good and evil (really deciding for themselves what is good and evil)

Gen 3:2-6 And the woman said to the serpent, "We may eat the fruit of the trees of the garden; but of the fruit of the tree which is in the midst of the garden, God has said, 'You shall not eat it, nor shall you touch it, lest you die.'" Then the serpent said to the woman, "You will not surely die. For God knows that in the day you eat of it your eyes will be opened, and you will be like God, knowing good and evil [that is deciding for yourself what is good and evil]." So when the woman saw that the tree was good for food, that it was pleasant to the eyes, and a tree desirable to make one wise, she took of its fruit and ate. She also gave to her husband with her, and he ate. NKJV

Adam and Eve did what they felt like doing instead of what God commanded and humans have suffered ever since.

Prophecy Update – Biblical Response to the Globalist Mindset of Yuval Noah Harari

24 Minute YouTube Video by Yuval Noah Harari on the Three Threats to Society

<https://www.weforum.org/videos/betazone-davos-2020-how-to-survive-the-21st-century-with-yuval-noah-harari>

Highlighted outline points of Mr. Harari's speech:

Humans are now hackable allowing technology to shape the world into a global government.

The Three Threats:

- Nuclear War
- Economic Collapse
- Technology

Highlighting the Threat of Technology

Social upheaval by eliminating millions of jobs

Creating an irrelevant class of citizens (useless eaters)

Create conflict and exploitation

AI will continue to create massive social change:

AI arms race is here and getting worse

Not talking about robots rebelling against humans

Ability to know everything about everyone's life as a way to extort, bribe or destroy a country without sending an army

Pastor Kevin note: Consider Ukraine bio labs that were using Slavic DNA knowledge to try and tailor a bio weapon to destroy the Russians

Digital Dictatorship

Mr. Harari proposes an equation to explain the coming New World Order:

$$B \text{ times } C \text{ times } D = AHH$$

Biological Knowledge X Computing Power X Data = Ability to Hack Humans

Soon Governments or Corporations will be able to hack/control all the humans on the planet

We have to get use to the fact that we are now hackable animals.

7:45: If this power falls into the hands of a 21st Century Stalin, the result will be the worst totalitarian regime in human history.

Even the Elites at Davos will be in jeopardy of being spied on by all powerful Technical AI.

10:00 The world is shifting from individual decisions and authority to algorithms

Computers will be making decisions, on everything. If told you don't have access to (fill in the blank), no one will be able to advocate, the computer will be the one that decided.

13:00 Decisions by AI could cause all humans being subjected to a new hell with no way out.

13:30: We now have the ability to be god in creating new life but we might make mistakes on a cosmic scale.

15:25 **To prevent misuse of technology we need global cooperation – i.e. global government**

19:25 – **We have already achieved some globalization by escaping the “Jungle”**

23:00 – If we don't globalize, then we will revert back to the jungle and annihilate all humans and the earth may be taken over by rats.

Kevin note: - God told us that as the world in the last days globalizes under the antichrist, it will then self destruct to the point all life would be lost if Jesus didn't come before it did.

Matt 24:15 "Therefore when you see the 'abomination of desolation,' spoken of by Daniel the prophet, standing in the holy place" (whoever reads, let him understand),

Meaning the coming global leader going into the rebuilt Jewish Temple declaring himself to be god (here, Daniel 9 and 12, and 2 Thess 2).

Matt 24:16 "then let those who are in Judea flee to the mountains. 7 Let him who is on the housetop not go down to take anything out of his house. 18 And let him who is in the field not go back to get his clothes. 19 But woe to those who are pregnant and to those who are nursing babies in those days! 20 And pray that your flight may not be in winter or on the Sabbath. 21 **For then there will be great tribulation, such as has not been since the beginning of the world until this time, no, nor ever shall be. 22 And unless those days were shortened, no flesh would be saved; but for the elect's sake those days will be shortened.** NKJV

2 Thess 2:3 Let no one deceive you by any means; for that Day will not come unless the falling away comes first, and the man of sin [*coming global leader*] is revealed, the son of perdition, 4 who opposes and exalts himself above all that is called God or that is worshiped, so that he sits as God in the temple of God, showing himself that he is God. 5 Do you not remember that when I was still with you I told you these things? 6 And now you know what is restraining, that he may be revealed in his own time. 7 For the mystery of lawlessness is already at work; only He who now restrains will do so until He is taken out of the way. 8 And then the lawless one will be revealed, whom the Lord will consume with the breath of His mouth and destroy with the brightness of His coming. 9 The coming of the lawless one is according to the working of Satan, with all power, signs, and lying wonders, 10 and with all unrighteous deception among those who perish, because they did not receive the love of the truth, that they might be saved.

11 And for this reason God will send them strong delusion, that they should believe the lie, 12 that they all may be condemned who did not believe the truth but had pleasure in unrighteousness. NKJV

Biden Says US Must Lead ‘New World Order’

The 46th president highlighted the role Washington would have among the “free” states

<https://www.rt.com/news/552434-biden-new-world-order/>

US President Joe Biden raised eyebrows on Monday after he claimed a “*new world order*” would soon be established and that it was up to the United States to lead it. During a speech at Business Roundtable’s CEO Quarterly Meeting, Biden claimed the world was at “*an inflection point*” which “*occurs every three or four generations*” and that it was up to the US to determine the outcome.

“As one of the top military people said to me in a security meeting the other day, 60 million people died between 1900 and 1946, and since then we’ve established a liberal world order and that hadn’t happened in a long while,” the president said.

“A lot of people died, but nowhere near the chaos, and now is the time when things are shifting,” he continued.

There’s going to be a new world order out there, and we’ve got to lead it, and we’ve got to unite the rest of the free world in doing it

The comment raised eyebrows in both the US and around the world and resulted in

BlackRock CEO and WEF globalist Larry Fink says corporations must work harder to ‘force’ people to change behaviors

By Leo Hohmann
March 24, 2022

Our last two articles have attempted to peel back the layers of the World Economic Forum (WEF) and its drive to usher in an all-new type of global society based on total information domination.

If they are successful, everything you do in life will be reduced to digital bits of storable data. That includes where and how you spend your money, where and how you travel or move about in society, your health and education records. In the name of privacy and security, you will hand all of this information over to them, you will own none of it and yet you will be happy, they said.

We've looked at the man Noah Yuval Harari, the chief philosophical adviser to the WEF, which has been working toward the attainment of a global surveillance society for 40 years under the direction of its founder Klaus Schwab. They hope to bring it about through "partnerships" between governments and corporations.

Now let's take a look at another WEF power player who operates in the shadows, who boldly seeks to fundamentally transform the world through the "Great Reset."

He is the chairman and CEO of BlackRock, the world's largest investment firm with \$10 trillion in assets, a firm that has at least a partial ownership of almost every major corporation in the world, including the big media and Big Tech companies.

So Fink is not your average CEO. He:

- Plays a key role at Klaus Schwab's World Economic Forum, where he is a member of the board of trustees and listed as one of the top "**agenda contributors.**"
- Sits on the **board of directors for the Council on Foreign Relations (CFR)**, which has been the most

Nuclear War Tension Increases as Reports from Ukraine are Nearly Silent Now

The comments coming from researchers on the possibility of nuclear war is at a fever pitch. This is due to the fact that as the conflict in Ukraine continues, the options left for Russia are narrowing to the final use of nuclear bombs to defend their existence.

Russia and Putin acknowledge they cannot win a ground war against Nato, and they don't intend to even try. They have said over and over again they will instead go directly to the use of nuclear weapons focused against enemy nations that threaten them. And, they will attack sooner rather than later - to gain the element of surprise to be able to knock out a majority of the land based nuclear missiles the US has on the US mainland.

The Russians are being attacked economically and financially every day, which is tearing down their nation from within. This means the real attack on Russia has already started by the US and Nato. This has already affected their ability to plant crops, produce fertilizer, transport goods and provide food for their citizens. Russia is now very close to the point that there is no recovery from this attack by Biden and the globalists. Their survival is already in doubt. This fact alone gives Putin the incentive to attack the US with a pre-emptive nuclear attack - since he has nothing left to lose.

The hi-tech weapons the US has provided to Ukraine to destroy his tanks and aircraft have already killed thousands of Russians.

Putin went into Ukraine to rescue the Russian families that were being killed on a daily basis by Ukrainian Nazis. Regardless how that "invasion" was described by the main stream media, the fact remains that to the Russians, this was a rescue mission and a military project to prevent Ukraine from placing nuclear missiles next on the Russian border. This threat has not gone away and both sides have the justified opinions to back up their positions for war.

These intractable opinions on both sides, in this case, is leading to a nuclear war. This is the reality we face right now.

Biden and his globalist "club" of conspirators are determined to "stop" Putin before it's too late. And they are more than willing to use nukes to do it.

Putin and his Russian comrades are willing to defend their culture and way of life with nukes if the west doesn't stop marching towards his country.

This is the perfect storm of circumstances that create the environment for a global nuclear war.

To brush these facts aside hoping it will all go away - won't work, the reality
