I don't care if they are surveilling me through my smartphone, I have nothing to hide, he said. What do I care if government can spy on me, I have nothing to hide, she said.

Why does it matter if Amazon can listen to me and see me coming and going from my house, I can see if there are intruders, and I have nothing to hide, he said.

What difference does it make if organizations, globalists, and law enforcement can track my whereabouts through my vehicle, I have nothing to hide, she said.

Who cares if big box stores aggregate data on everything I purchase and target me with ads on every device I own, I have nothing to hide, he said.

These cameras installed throughout my home are to spy on intruders so if it means I get spied on through them what do I care, I have nothing to hide, she said.

So what if they are collecting all of my health records and sharing them with government agencies, big pharma, and organizations across the globe, I have nothing to hide, he said.

If they want to install a kill switch on my vehicle to prevent me from driving and setup vehicle-to-everything surveillance, I have nothing to hide, she said.

I'm OK with banks categorizing all of my spending habits, I have nothing to hide, he said.

What does it matter if they are installing facial recognition and biometrics in street lights, at entrances, and in airports, when I have nothing to hide, she said.

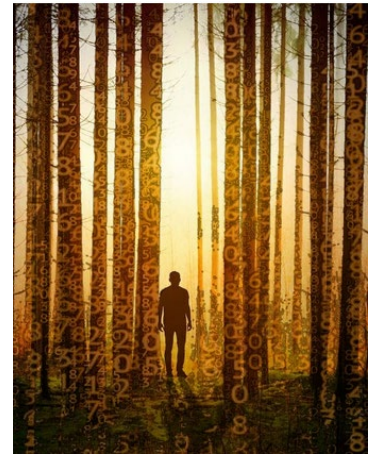

What's the big deal if they want digital IDs with everyone's background report, drivers license, health records, education, vaccine status, bank info, contact info, family network and friends, and any other info they want, when I have nothing to hide, he said.

Who cares about the thousands of satellites launched to surveil, I have nothing to hide, she said.

Why would I care if they can spy on me through my phone, computer, television, and in-home smart devices, when I have nothing to hide, he said.

What's the big deal if they put all of my information on the blockchain and can monitor my entire life, habits, spending, or locations, and have the ability to alter the data, it's not like I have anything to hide, she said.

Why should I be concerned about my child's knowledge, behavior, and whereabouts being tracked through the education system and smartphones – I have nothing to hide, he said.

So what if they want to build a social credit score on all of us as some new credit system for getting access to establishments, jobs, or our financials, if I have nothing to hide, she said.

What's the big deal if they pass some mandatory law requiring ...

*CCPO Ed. Note: The Christian response is, "I **will** be leaving this world with nothing, and I **will** be happy!"*

For our citizenship is in heaven, from which we also eagerly wait for the Savior,
the Lord Jesus Christ. (Philippians 3:20 NKJV)

... "Naked I came from my mother's womb,
And naked shall I return there.
The LORD gave, and the LORD has taken away;
Blessed be the name of the LORD." (Job 1:21 NKJV)
