CCPO Note: *As this article notes, Scripture warns believers to shun all forms of the occult. God knows that even “minor” exposure opens the door for the enemy of our souls to wreak havoc in children and families. With media’s obsession with all forms of satanic practices and imagery, especially targeting children, Christian parents must be hyper-diligent to protect their children. “The acts of the flesh are obvious: idolatry and witchcraft... I warn you, as I did before, that those who live like this will not inherit the kingdom of God” (Galatians 5:19-21).*

Urgent warning for parents! Disney has taken yet another dangerous step into the darkness with its new animated sitcom series, **Little Demon**. Sadly, this disturbing program is brought to viewers on FXX, courtesy of The Walt Disney Company, which took control of FXX Network through its purchase of 20th Century Fox. Along with other Disney-associated productions such as **Maleficent**, **Star vs. the Forces of Evil**, and **The Owl House**, this new adult cartoon series, **Little Demon**, is also set in a spiritually demonic realm.

According to Deadline, a Hollywood online news source, “Among other shenanigans, the comedy ... shows Laura [the mother] nude with no pixilation. She strips down in the first episode to perform a ritual, while there are multiple instances of nudity throughout the series.” Series creator Seth Kirschner told reporters, “We are going to keep going for it until we are told no.” Let us be sure they are told, “No!” quickly!

We must do so because Disney is introducing viewers, including children who might stumble across this series, to a world of demons, witches, and sorcery. Along with the demonic content of this series, the minds of younger viewers will also be inundated with secular worldviews that reflect the current culture.

Disney describes the storyline as follows: “Thirteen years after being impregnated by Satan, a reluctant mother and her Antichrist daughter attempt to live an ordinary life.” The show makes light of hell and the dangers of the demonic realm. Even the previews and commercials include such horrific content that it is difficult for families who watch FXX to avoid its evil subject matter completely.

It is evident that Disney is trying “to portray witchcraft as a positive tool to fight evil.” The first episode is more than enough for most Christian families to realize that **Little Demon** is an extremely dangerous series. Titled “First Blood,” this initial episode of the premiere season is currently streaming.

Here is some insight into the show’s background:

- The series focuses on Laura and her daughter, Chrissy, who is the “love child,” produced from her “fling” with Satan.
- The trailer is filled with satanic imagery, animated gore, and graphic violence, such as beheaded chickens, pentagrams, dismembered bodies, and melting human flesh.
- Rather than being represented as dangerous, demonic, and terrifying, Satan is depicted as an average, middle-aged, cardigan-wearing suburban dad.

The Bible tells us clearly in [Isaiah 8:19-22](#) of a spiritual realm that is not of God. It warns us not to participate in witchcraft or consult with mediums but to call on God. [Deuteronomy 18:10-11](#) also warns us to avoid witchcraft in all forms...
