**CCPO Note:** *Scripture warns believers to shun all forms of the occult. God knows that even “minor” exposure opens the door for the enemy of our souls to wreak havoc in children and families. With media’s obsession with all forms of satanic practices and imagery, especially targeting children, Christian parents must be hyper-diligent to protect their children. “The acts of the flesh are obvious: .... idolatry and witchcraft... I warn you, as I did before, that those who live like this will not inherit the kingdom of God” (Galatians 5:19-21).*

Child grooming and occult influences are not topics I ever thought I’d have on my blog, but it is so important for parents to know about, I felt I must. Parents, please heed this warning. Disney’s *Hocus Pocus 2*, coming September 30, 2022, is [billed as a family-friendly movie](#), but it is anything but friendly. It is extremely disturbing for many reasons and not suitable for children of any age.

In the original 1993, the entire premise of *Hocus Pocus* revolves around the accidental resurrection of the Sanderson Sisters (because of a virgin) and their plot to consume the souls of children in order to become immortal. **Yes, that means they want to eat children. Of course, it ends well for the children, but that is how we become desensitized to such content.**

Most children already have enough difficulty discerning the difference between fantasy and reality, and we know horror movies have a real [lasting negative impact](#) on children. I know many are desensitized to such evil and will condone or defend these movies, but gone for the most part are the wonderful children’s movies and [early TV shows](#) of the past.

In the song ‘Come Little Children’ from the original *Hocus Pocus* released in 1993 (30 years ago), we see promotion and normalizing of something *previously* unspeakable. The lyrics dance around the topic of ritual child sacrifice without actually saying it... it has [created quite a cult following](#) through the years and, I believe, played a part in laying a foundation for the horrific problem with child disappearances and [sex-trafficking today](#) within [elite](#) (and other) [circles](#). (The full lyrics are immediately below this video, and darkly hint at what awaits the children the witches are luring). Unusual amount of cleavage for a movie that is billed as family-friendly. 1:50 minutes.
