***CCPO Note:** As we and many other students of Bible prophecy have predicted, the globalists have now openly announced their plan for a digital vaccine passport and are “calling for the establishment of ‘global digital health networks’ that build on existing digital COVID-19 vaccine passport schemes.” Apparently, the lull in the COVID-19 storm is about over. (See CCPO notes on previous handouts, including [As China Doubles Down On COVID, Some Have Had Enough.](#)) Peoples’ enthusiasm for the experimental COVID-19 gene therapy injections have waned, amid mounting evidence that they are neither effective nor safe. However, this new passport requirement will pressure formerly reluctant individuals to cooperate with the next step towards global marking and tracking of all people, just as Bible describes, when the future antichrist “causes **all, the small and the great, and the rich and the poor, and the free men and the slaves,** to be given a mark on their right hand or on their forehead, and he provides that no one will be able to buy or to sell, except the one who has the mark, either the name of the beast or the number of his name” (Revelation 13:16, 17).*

*That we are witnessing the rollout of the vaccine passport, along with many other “signs of the times,” reveals that we are fast approaching a future seven-year period in human history often referred to as the Tribulation Period. Christians know that Jesus will appear to take use to be with Him before this time. Will you be one? If you are unsure, please see “Normal” isn’t coming back, Jesus is” ([calvarypo.org/normal-isnt-coming-back-jesus-is-are-you-ready/](http://calvarypo.org/normal-isnt-coming-back-jesus-is-are-you-ready/)) or contact us ([calvarypo.org/contact/](http://calvarypo.org/contact/)).*

Leaders of the Group of 20 (G20) have issued a joint declaration promoting a global standard on proof of vaccination for international travel and calling for the establishment of “global digital health networks” that build on existing digital COVID-19 vaccine passport schemes. The [joint statement](#) followed the conclusion of the G20 summit held in Bali, Indonesia, where leaders discussed global challenges and coordinating policies in response, including to future pandemics. “We acknowledge the importance of shared technical standards and verification methods, under the framework of the [IHR \(2005\)](#), to facilitate seamless international travel, interoperability, and recognizing digital solutions and non-digital solutions, including proof of vaccinations,” the G20 joint declaration reads.

The International Health Regulations (2005) is an instrument of international law developed under the auspices of the World Health Organization (WHO) that lays down a global framework for responding to the international spread of disease. The WHO-backed standard, which entered into force in 2007, required countries to strengthen surveillance capacities at border crossings and introduced a series of health documents, including international certificates of vaccination.

Besides acknowledging the utility of the IHR framework, the G20 leaders said...
