

Corrupt Actors in the Government, in Universities, and at the EIC Worked with Big Tech to Censor Americans

CCPO Note: The “Twitter files” recently released by Elon Musk provide indisputable proof of what informed people already sensed – our government colluded, in partnership with universities and other entities and “Big Tech” to keep important information and facts from the American public since, at least, the last presidential election. This analysis by well-known journalist “Kanekoa the Great,” is a brief overview of findings from the latest Twitter “dump.” History demonstrates that censorship and propaganda are two powerful tools of despotic, totalitarian regimes and those seeking to become one. This is another of many signs that the globalists are pulling the strings, in cooperation with our own U.S. government, to enslave the masses under a satanically inspired system that they control. From Scripture, we know that the result is not the “utopia” they envision for themselves, but a “great tribulation, such as has not been since the beginning of the world until this time, no, nor ever shall be” (Matthew 24:21). Jesus will soon take His Church to be with Him – [Are you ready?](#)

Kanekoa the Great is back on Twitter and he released an incredible thread on the efforts of the Deep State to censor conservatives on Twitter. This thread wouldn’t be complete without mentioning the censorship of The Gateway Pundit on the site.

The Gateway Pundit was one of the biggest targets by the EIP.

3/ On the 2020 election:

- 120 analysts monitored 15 tech platforms
- 22 Million tweets labeled "misinformation"
- Entire "misinformation narratives" targeted for platform-wide throttling

The EIP claimed every "repeat spreader of election misinformation" was on the right.
