## ***PIJ Terrorists Fire Hundreds of Rockets Following Targeted Israeli Operation***

*CCPO Note: As this article reports, we appear to be on the cusp of a major war in Israel, the center of God's prophetic plan. Could this lead to fulfillment of one or more of several prophecies of conflicts / wars in the Middle East that are yet to be fulfilled? These include: the destruction of Damascus (Isaiah 17), regions now occupied by southwest Iran (formerly Elam), Syria, and Jordan (Jeremiah 49); Egypt (Isaiah 19); and Israel's near neighbors (Psalm 83), and finally the Gog-Magog War involving Russia and her allies including Turkey and Iran (Ezekiel 38-29). Prophecy expert Bill Salus cites biblical evidence that all these conflicts are still future to us. ("The Road to Armageddon," YouTube: [https://youtu.be/XkF0Y\\_w9fFs](https://youtu.be/XkF0Y_w9fFs); or purchase 4-DVD set at ProphecyWatchers.com)*

*While the sequence of these conflicts is not clearly specified in the Bible, Salus lays out one possible scenario for these wars that considers current geopolitics. It would begin with Israel's attack on / destruction of Iran's nuclear facilities in southwest Iran (Elam of Jeremiah 49), which Middle East experts say is certain and near. In response to this attack, Iran would activate its proxies and allies all around Israel's borders to attack, posing an existential threat to her existence. Israel then responds with nuclear weapon(s), defeating her enemies (Psalm 83) and destroying Damascus (Isaiah 17) while suffering severe damage in the north (See Pastor Kevin's teaching on these wars here <https://www.youtube.com/watch?v=g5HymbfJAN8&t=30s> and here <https://www.youtube.com/watch?v=cAMmnXojb80&t=7s>)*

*Pastor Kevin believes this nuclear exchange will accelerate formation of / strengthen the end times global government as the world cries for "peace and security" at any cost, including total disarmament. God then "puts a hook" into the jaw of Gog, drawing him and his allies to war against a militarily weakened and disarmed Israel (Ezekiel 38-39). God's miraculous intervention to deliver Israel from destruction will cause the Jews to return to Him and all the nations to acknowledge Israel's God (Ezekiel 39:7). This would set the stage for "confirming the covenant" of Daniel 9, which initiates the seven-year Tribulation period, and construction of the third Jewish temple in Jerusalem mentioned in Matthew 24, 2 Thessalonians 2 and Revelation 11. See Timing of the Gog/Magog War here: <https://www.youtube.com/watch?v=w3vhfZHMmk&t=54s>*

*We know that God removes His church in the Rapture prior to the release of the four horsemen of the Apocalypse where one fourth of the world's population is killed (Revelation 6:1-8), which precedes the seven-year Tribulation Period. However, it is possible that believers will be here to witness some of these war events leading up to the release of the horsemen.*

*While we cannot be dogmatic about the exact sequence / scenario of these ancient prophecies, we are now watching geopolitical events rapidly converging to set the stage for their fulfillment. Along with many other signs of the end times, we know that Jesus' return is near. Are you ready? Israel is possibly on the verge of war. How did this all begin? Operation Shield and Arrow is what Israel has named it. It began overnight Tuesday with a surprise attack, which is the only way to describe it. Israeli airstrikes in Gaza eliminated three top Palestinian Islamic Jihad leaders. One was the leader of Islamic Jihad operations in northern Gaza, the other was a member of the Islamic Jihad Military Council, and the third member directed Islamic Jihad activities in the West Bank. Now we call the West Bank "Judea and Samaria" because that's what the Bible calls it. It is the Biblical heartland of Israel. The Israeli airstrikes were a delayed response to what happened last week when Palestinian Islamic Jihad launched over 100 rockets at southern Israel. Israel did not really have a significant response last week, and many were very critical of the Netanyahu government. The Netanyahu government certainly had the element of surprise because this was nearly a week after the rocket barrage. Israel acted, acted swiftly, and acted decisively in eliminating these three Palestinian Islamic Jihad commanders and carrying out additional airstrikes in...
