CCPO Note: Like the author of this article, we and other watchers of Bible prophecy have been warning that the COVID-19 “plandemic” was about opening the door for the globalists to usher in a digital vaccine passport system, which will become the global control and tracking system of the antichrist (Revelation 13).. As this article reports, it is now almost here.

This, along with many other “signs of the times,” proves that we are fast approaching a future seven-year period in human history often referred to as the Tribulation Period. Christians know that Jesus will appear to take us to be with Him before this time. Will you be one? If you are unsure, please see “Normal” isn’t coming back, Jesus is”

I’m going to share briefly about the big news this week coming out of the World Health Organization. This is something I’ve been warning was coming for nearly three years and so it’s almost anti-climactic for readers of this site, where we weren’t afraid to shout it from the housetops early and often about the resemblance of the WHO’s “digital health certificate” to the biblical mark of the beast.

- Check out one of my **strongest warnings** from November 2022.
- Here’s **another warning** from June 2021.

The U.N. World Health Organization’s director general, the Marxist/communist Dr. Tedros, announced Monday, June 5, that the “WHO is proud to launch the global digital health certification network.” Some, myself included, are calling it a forerunner to that ignominious marking spelled out in Revelation 13 as the mark of the beast. Why? Because it would track and limit the movement of people around the world as well as have the potential to, as we saw during Covid, restrict people from buying and selling unless they can show digital proof of having received a certain medical treatment. Never before in the history of the world has this taken place. It was unprecedented, and yet so few Christian leaders called it out for what it was.

What happened in 2020 and 2021 with vaccine passports was just a dry run for an expanded digitized ID program that will be global in scope. Just like the Nazi system before it, the one-world beast system is coming in under the guise of our “health” with regular “health” checks required in order to function in society. Those who don’t submit will be singled out as the enemies of the system and therefore a danger to humanity.

Here is Tedros, in the video below →

announcing the program to the world on June 5.

Pay close attention to his words. He says...
